01 WHO WE ARE

A turnkey supply partner, built for institutions.

Global Vintage Services is a Bhopal-based, GeM-registered turnkey supplier to government and private institutions across India. We supply and execute turnkey projects in medical & hospital equipment, NMC-compliant mental-health labs, and digital classroom & telemedicine — delivered with leading Indian OEM technology partners.

From requirement and consultation to supply, installation, training and service, we are a single accountable partner — serving public institutions pan-India, majorly across Madhya Pradesh, Maharashtra and Jharkhand.
